I am stuck at "war" camp. I dont know what to do after quest War Camp, i dont want to start a new mission. I also dont want to start a new quest to get to war camp. I have at least 10 people I want to guide in game. I love the pirates. Please Help. Hi, So I decided to try something new and embark on a voyage to the land of the dead. I have played once before as someone else but now I wish to build my own crew and do my own thing. I can get the first two NPC's (Bishop and Barber) for Free. I have enough supplies for eight hours of sailing but I want to see what happens. My question is how do I start and I am unable to find that information. How do I start my voyage? I am looking for a detailed walkthrough..... I don't think there's anything in-game to help you along. There was a brief tutorial for the first campaign (I think) but it's gone now. You're on your own. One thing to consider is that you can hire anyone on the ship. If you wish to see more of the map, it might be a good idea to hire the barber to give you "points". He'll give you an in-game boost to the rest of your crew. Click to expand... Thank you for your reply. I will be hiring the Barber to see more of the map since I know I am unable to hire any of the NPC's until after I have finished the Mage Mission. My question is how do I start a voyage in order to get to the land of the dead. And how do I get to Mage Mission? And if I am to hire any of the NPC's on the ship, what is 82157476af
